# DAUBERT MAY JUMP TO PITTSBURG FEDS

Will Consider \$30,000 Offer, Though Now Under Contract to Brooklyn Club.

SAYS NONE CAN BLAME HIM

New Yorks Sign Pitcher Cooper and Giants Gather In Outfielder Piez.

Although Jake Daubert, the Brooklyn club's star first baseman, signed a three year contract last spring with Ebbets, McKeever & Co. he admitted yesterday that he might Jump to the Pittsburg Federal League club, which is willing to pay him \$30,600 for 1914, 1915 and 1916. Daubert said that he had received this offer from President Barbour of the Pittsburg Feds and that he had agreed to meet Barbour in Brooklyn either tomorrow or Monday, when he would ar-rive at a definite conclusion. Vice-President Edward J. McKeever of

the Brooklyn club, when he heard the news, said that he didn't believe it. He Dodgers had two years to run and that he didn't have an idea that the cham-pion National League batsman would prove a deserter. But Daubert evidently cared nothing for sentiment signed documents when he made t statement late in the day: he made this

"I don't see how any one can expect me to refuse a small fortune for three years work when I am now drawing ordinary pay for the same labor. Any man drawing a weekly salary who was offered three times as much money offered three times as much money would look out for his best interests and accept. That is my position and I have a right to help myself. "I know that the Federals have been

cuoted as saying that they would not to after players under contract and would sign only those who were under userve, but I never have been told that they were making that their definite pol they were making that their definition of the angle of the proposition from Mr. Barbour, whom I will meet here on Sunday or Monday to discours further details.

discuss further details." discuss further details."

If Daubert goes to the Federals he will be considered a "contract jumper" by organized baseball, but the Feds say that his three year Brooklyn contract will not stand a legal test because of the wording of the option clause and the ten

opponents getting fifty runs, 133 hits and seventy-six free passes. He fanned 114, hit ten and was charged with five wild pitches. In the pitching averages he stood third, with .762, and he led the league in batting, with a percentage of .360 in Brown and Knabe Vie-Latter

Secretary Foster of the Glants an-nounced yesterday that he had signed the erack Richmond outfielder Charles W. ho stole seventy-two bases in 140 games last year and batted above the 300 mark. Foster said that he had sixteen men under contract, the names to be made public in a day or two.

Ed Konetchy, the big first baseman traded by the Cardinals to the Pirates, says that he has refused \$30,000 to play e years with the Pittsburg Feds and sign with Barney Dreyfuss as soon as the salary question can be fixed up. Konetchy saw Dreyfuss in Cincinnati on Wodesday and after a heart to heart talk he announced that the Federal deal was off. W. T. McCullough, one of the backers of the Pittsburg Feds, offered to bet \$1,000 on Thursday that Koney would not sign with the Pirates, but when one of Dreyfuss's friends offered to take the best there was nothing doing. bet there was nothing doing.

"I'll admit that the Feds' best stronghold will be in Chicago," says Johnny Evers of the Cubs. "That is partly for the reason they will have a city of their own, so to speak, on the North Side, and partly because Weighman is really pop-ular. He is not a bluffer, but a fellow with an army of friends, a thorough sport whose personality will help Tinker's team immensely. But here's something to be remembered: If organized ball finally onquers Weighman where will the other Federal League clubs, with no such pop-ular men to back them, get off?"

Andrew Hillerich, for many years the maker of bats used by all the big sluggers in the majors leagues, died in Louisville on Wednesday. In his shop Hilerich had a "bat gallery" in which were hung sticks wielded by many famous players during the last twenty-five years.

Contract Will Be Tampered With. CHICAGO, Jan. 9 .- President Gilmore or the Federal League declared in positive terms to-night that there was no chance for Jake Daubert of the Brooklyn team to be signed by the Pittsburg Federals, for the reason that he was under contract to Brooklyn. Mr. Gilmore declared that his statement recently made that no con-tract players would be signed stood, and that he would not permit any manager

that he would not permit any manager to sign such a player or to dicker with him as soon as he learned that he was under contract.

"Make it as strong as you want to." Mr. Gilmore said, "but this goes, and my managers must understand that what I say goes in this regard—that is, that no player under contract will be signed by any Federal League club, and furthermore, as soon as any manager learns that the player is under contract he must stop all negotiations with him."

Mr. Gilmore was asked what action he

would take if any of his managers should would take it any of his managers should go ahead and sign a contract player without his knowledge. Mr. Gilmore replied: "All managers of the Federal League must look to me for orders and I must pass upon any contracts they sign, and if I learn that they have signed a player that is under contract I shall refuse immediately to accept such a contract.

"I have no objection to my managers going after players who are held merely by the reserve clause, but as to signing a contract player, that is a different

PHILADELPHIA, Jan. 9 .- That the con-PHILADEPHIA, Jan. 2.—That the contract which Otto Knabe signed, making him the manager of the Baltimore Federal League club, has a joker in it somewhere is the firm conviction of William F. Baker, president of the Phillies. Mr. Baker said that he and Knabe talked over the situation in New York last Sunday, and he told Knabe that if the Baltimore club would give bym 87,000 in cash and club would give him \$7,000 in cash and a contract calling for \$23,000 to be paid in three other instalments he would be foolish not to take it. He informed Knabe that the Phillies might have to get out an injunction to prevent him from playing with the Baltimore club, but advised Knabe to get the money if he could and then have a good lawyer look over his contract and see where the Joker was. Knabe has signed the contract and got his \$7,000 bonus, and the contract must

have suited some lawyer. Whether Mr. Baker will get out an injunction he would not state. He said that everything would depend on future de-velopments, but that nothing would be done before the opening of the baseball senson, and then every club would take care of its own territory.
